Cypress Rebellion Grows Following Meeting

The MASON LiNE

by Chan Mason

Lemon Grove has no voice, no representation on the Grossmont Union High School Board of Trustees and with the growth our community is experiencing, it's high time that the citizens of the community consider such a possibility.

There are many persons who could serve and do the community a good job but there are few who could measure up to the stature of our beloved Dr. Frank Gigliotti.

Dr. Gigliotti has raised two fine sons and a daughter and shows a keen interest in civic and school affairs. Certainly no one could better represent this community at Grossmont than "Jiggs."

With Jiggs's easy comprehension of community and school matters and with the civic stature he possesses it would be befitting to name this fine gentleman to the Grossmont High School board and it would lend prestige to the community of Lemon Grove.

Let's get behind this project and get our representation, the kind and quality that we deserve.

Mr. Ben Dean in a recent editorial in a Service Club Magazine came up with a Christmas message that we think can apply to all of us.

"For there is one gift that only we all can give.

A gift not be found in any store — not to be bought with money—not a gift that can be wrapped and hung on a tree—not a gift that can be given once and forgotten.

It is the gift that the Man of Galilee whose birthday we honor, told us was the only true gift. It is the gift of SELF—the gift of personal service.

The times cry out for all men of good will to take the leadership in their communities and in public affairs.

Men with the courage to speak out unceasingly for good government, to fight corruption, waste and inefficiency, to endure the heat and dirt of a bitter fight to elect decent men.

We must remember that our time is not our own. That even as the government now takes a quarter of our income, so must we give more time to secure and maintain GOOD government, and to halt socialistic trends that threaten liberties.

In no other way can decent, grateful citizens, who enjoy the rich legacies of freedom from the past, justify their priceless heritage.

Christmas this year can have a deeper meaning for every one who will give the gift that only he can give—a dedication to personal service to his community and his country.

The Master told us long ago what happens to such a one. 'He that would lose his soul shall find it.'"

—ML—

There's a bit of controversy raging over the height of the Chamber of Commerce sponsored Christmas tree which some observers claim to be the highest decorated tree in California.

Guessers, most of them wrong, have estimated between 80 feet and 160 feet. Workmen who strung the lights used 100 foot stringers and they reached 20 feet above the ground. That makes the tree 120 feet tall. We hope that answers the claim of Encinitas with their midget 100 foot tree who is claiming the record this year.

—ML—

Speaking of Xmas trees, many compliments have come to these sensitive ears about the decor of the BWL tree set on the north side of Broadway along the railway park. The tree, complete with snow man and wrapped gifts, attracts the attention of passers-by day and night.

Dave Bird, County Supervisor, a guest at the Grove Men's Club last week revealed that he had received an invitation from President Eisenhower to attend a national civil defense get together in washington this week. While mayors of all cities of 75,000 or more population will be in attendance, only ten county representatives from all the United States have been invited. Bird is one of those ten. We'll shoot the guy who tries to tell us it's giving the defense program the "Bird."

They're telling the gag about town of the woman who consulted a psychiatrist about her husband who imagined himself an electric refrigerator. "Leave him alone," the doctor advised. "He'll overcome his halucination in a few days."

"But I can't stand it," the woman complained. "He sleeps with his mouth open and the light keeps me awake all night."

Grove School Trustees to Get 2 New Members

The Lemon Grove Elementary School District Board this week agreed to establish a five-man board of trustees for 1954 following the election in May.

The board has permissive powers for putting the decision to a vote in May at which time voters could decide whether they want a five or three man board and who they should be. Voters will also have to decide on Robert Brown, whose term expires then. The alternative, which the board took, is to establish a five-man board to become effective next year with the electors deciding who the additional two shall be.

It has been inferred by trustee Brown that he will run again, and, based on his fine work during the months he has served when he replaced attorney Vroman Dorman, it is very likely that he will be re-elected.

The trustees decided to set a five-man board because a survey indicated that an overwhelming majority of residents prefer that size board and because Lemon Grove is one of the few remaining districts in the county which has so large a school attendance with so small a school board.

The early decision to make it a five-man board was agreed upon so that capable citizens wishing to serve might have an opportunity to make their position known.

The present trustees are Robert Brown, Frank Armstrong and Harry Griffen. The REVIEW inadvertently stated a few weeks ago that Griffen's term expired with the coming election. His term runs to 1955.

The board also approved the hiring of Sam Hamill as architect for the eight additional classrooms to be completed at the junior high by September of 1955. All preliminary work for additions at the other four schools in the district has been completed by the architects employed on those projects. Representatives from the board made an inspection trip last week with Clyde Huffbauer, Golden Avenue architect, to finished units in the El Cajon area, and they will inspect other school buildings with C. J. Paderewski, Monterey Heights architect, down in the South Bay district.

S. K. Solleder, assistant superintendent, outlined plans for early recruitment of additional teachers for next year. At this time a need for fourteen new instructors is anticipated. Other large districts in the county are cooperating with Lemon Grove in an attempt to pool resources and information concerning recruitment.

Kiwanians Walk Away With Gold Bowl Prize

"Oh, my aching back," says Emmett Marshall's expression as he checks over the 32-4 baseball score with Jack Durham.

Durham, manager of the Kiwanis baseball team, put up a record smashing assemblage while Manager Marshall's Lions charges fell apart at the seams.

Marshall threatened a saliva test for the "Grand old Kiwanis team." Winners claimed honest umpiring helped.

The Hadacol bottle was on the other shelf Friday night as the revitalized Kiwanis baseball team slaughtered the Lions 32 to 4. For all intent and purposes, that was the final score because after seven innings of baseball massacre the game was turned into a hick-town burly-cue when the Lions threw more than a dozen players into the outfield and frequently had two hitters batting at once.

The Kiwanis team, smarting from two defeats at the hands of the Lions, showed surprising resurgence. They took the lead in the first inning, then scored every inning of the game.

The score:

Lions ——— 102 000 1xx—4-11-9
Kiwanis ——— 293 171 9xx—32-38-4

Chet Harrison, Howard Stiner, Frenchy Faucher, Tom Warburton and Chan Mason pitched for the winners. Bob Runyon, Bob Schnick, and Bob Browne threw for the vanquished team.

Doc Nichols hit two homers for the Lions. Chet Harrison, Warburton, Stiner, Bob Sutton and Faucher hit homers for the winners.

Manager Emmett Marshall put an old familiar line-up on the field but it cracked apart under the power of the Kiwanis drive. Jack Durham managed for the winners.

The game was played for a "pot of gold" which was made up from contributions from each member of the two service clubs. The money will be used to help finance bleacher seats for the school playground.

The Woman's Club Juniors sold refreshments for their current youth charity program. Missing was the Business Women's League.

The line-up:

Lions — Forrest Baxter, Bob Runyon, Bob Schnick, Paul Louer, Don Johnson, Bob Johnson, Pete Wood, Emmett Marshall, Cal Nicholl, Harry Schockley, Al Cole, Bill Poulson, Bill Wells, Palmer Svalstad, Charles Munn, Harold Holaday, Jim Oyler, Bob Browne, V. J. Dohrman, Bob Von Willer and Grant Hadley.

Kiwanis—John Dail, Chet Harrison, Byron Netzley, Bob Sutton, Bob Swenson, Chan Mason, Tom Warburton, Howard Stiner, Ray Carmondy, Rev. Apra, Frenchy Faucher, Jack Durham, Luther Hussey, Max Goodwin, Harmon Russell, Pappy Hensley and Freeborn Cressy.

REVIEW FAMILY EXPANDS

If the Review has a confused look this week blame it on parenthood.

The newspaper's publishers, Max and Ruby Goodwin, became parents of a bouncing six pound - eleven ounce baby girl at 11:04 a. m. Wednesday at Mercy Hospital.

Mother and daughter are doing well. As usual, the father took the beating. The couple have a son, Danny, aged 3 1/2.

Santa to Arrive in Lemon Grove By Helicopter Monday

Dancer, Prancer, Comet and Vixen will skim the December skies with a sleigh load of gifts for all good little Lemon Grove kids, and with Santa sitting firmly at the reins but that will be on Christmas night.

A sort of a preview showing of Santa Claus will be held Monday at 11 a.m. when Santa in his own private helicopter will drop down from the skies in front of the Golden Avenue School on School Lane at Golden Ave. What's more he will be loaded with candy canes for the youngsters and other gifts and goodies for some of the grown-ups.

A huge crowd is expected to be on hand to welcome ole Santa because all schools have been notified and their students have been especially invited.

The State Highway Patrol boys will handle the traffic and Patrolman Bill Howell, traffic safety officer, is making the arrangements. Crowd control will be handled by Deputy Sheriff Will Rigley and some other men of the sheriff's department.

The idea originated when Joe Eaton, operator of the La Mesa Airport told the REVIEW, that a helicopter might be available for bringing Santa to town. The REVIEW immediateyy contacted several Christmas-minded business firms and with their help Santa will be here on time with a heavily ladened bag. Candy and S & H Green Stamps will be loaded into the bag and distributed as a courtesy of the Big Ace Markets. Jim Banister, Big Ace president, volunteered the contribution. Other costs in connection with the flight are being born equally by the Lemon Grove Lumber and the Lemon Grove McMahan's Furniture Store.

Hugh Ramsdall, who will fly Santa in, is operator of the La Mesa Helicopter Service and he is contributing the use of his equipment.

Said Ramsdall, "We'll bring Santa in safe and sound, and what's more we'll have him there on time. Kiddies needn't worry about anything happening to St. Nick."

Present plans call for Santa to hover some ten or fifteen feet above the ground for several minutes until he is sure that the landing area is clear and Mr. Ramsdall will then gently drop the huge craft into the landing area. The craft will then slowly soar into the sky leaving Santa to distribute his gifts.

While there is some question as to where Rev. Dan Apra will be during the distribution some say that he will be near at hand helping Santa to give gifts to the kids who were good during the past few weeks.

After Santa has distributed the goodies he will be whisked away in a car to the parsonage of Rev. Apra where he will rest before returning to Toyland to put final touches to the huge bag that he will bring to Lemon Grove the night of Christmas Eve.

In Sacramento a grocery chain generously offered to supply a free turkey in exchange for every old ice box door its customers brought in—this as part of a high-minded campaign to keep children from being trapped in abandoned ice boxes. The chain figured there might be as many as 250 of these deathtraps in the Sacramento area. After they had handed out 4,000 free turkeys, the frantic management called: 1 — the police (to handle the crowds); 2—the whole deal off. FORTNIGHT.

S. D. Connected With N. Y. Direct By Air

Scheduled air transportation between San Diego, New York City and Chicago will originate here for the first time in history, it was reported this week.

American Air Lines will start a daily roundtrip air coach service to New York with stops at Burbank and Chicago.

One-way fare will be $105.10 plus tax, a savings of $53.75 on the one-way ticket.

The air coach flight will leave Lindbergh Field daily at 9:25 p.m. arriving in Chicago at 6:55 a.m., leaving 25 minutes later and arriving at La Guardia Field in New York at 11:05 a.m.

Return trips will leave La Guardia Field at 9:30 a.m. daily arriving in San Diego at 6:56 p.m.

Grove PTA Scans Bond Issue Assistance

A heavy schedule of business faced the executive board of the Lemon Grove School P.-T.A. when they met last Tuesday night at the home of Mrs. John Dail, president. The group discussed possible representatives to the citizens' committee being formed in the school district to aid the bond election next February, and made plans for a speaker to address them on the new recreation program now under consideration.

Ben Schei, principal, explained the Camp Cuyamaca program offered to students and gave an account of progress on school buildings still under construction. The treasurer, Keith Dolan, reported that over ninety dollars had been collected to date from the "traveling baskets," a fund raising activity of the association.

Arrangements were also completed for the Christmas party held annually for the members of the School Safety Patrol.

Board members brought donations for the P.-T.A.'s Christmas basket to be given to a needy family. Mrs. Elizabeth Bunch, parent education chairman, reported on plans for a workshop to be held after the first semester.

Those in attendance included Mmes. John Dail, R. C. Taylor, co-hostess, E. B. Stewart, C. F. Baxter, Robert Brown, H. Randall, W. L. Birch, R. Beckham, T. Chamberlin, Carl Planchon, Virgil Danielson, Kenneth Hall, W. J. Glazebrook, Lynn Upton, H. O. Holmquist, R. L. Bevier, Elizabeth Bunch, and Peg Darroch. Also attending were Keith Dolan, Ben I. Schei, and Thomas Brogan.

GROVE WINS COUNTY BRANCH

The pay-off on a well fought battle came Tuesday to Lemon Grove when the County Board of Supervisors unanimously approved the proposed master plan for a branch administrative building in Lemon Grove.

The fight was spearheaded by the Lemon Grove Planning Committee and this group has packed the supervisor's chambers each time a hearing was called.

Location of the Grove building has not been indicated.

Avoid Xmas Dangers Warns Chief Hensley

Eight precautionary measures for Christmas fire hazards were outlined today by Chief "Pappy" Hensley of the Lemon Grove Fire Department. Said he, "The list follows a bulletin from Joe Yockers, State Fire Marshall, who designed the bulletin in an effort to reduce as far as possible the hazard from the Christmas trees."

1. Use a fresh tree.
2. Cut at least an inch of the trunk of the tree at an angle and keep the cut trunk in wet sand or water.
3. Mount the tree securely.
4. Place tree away from fireplace, radiator, etc.
5. Avoid decorating with flammable materials.
6. Use only approved U.L. cords for lights and turn them off when retiring or leaving the house. Examine cords for frayed or worn connections and never use candles.
7. Dispose of gift wrappings and packing materials immediately.
8. Remove tree as soon as possible after Christmas.

Dun & Bradstreet Lists 146 L. G. Firms

Lemon Grove has 146 business firms listed in the 1953 Dun and Bradstreet reference book, it was revealed this week.

Listings include commercial enterprises such as manufacturers, wholesalers, retailers and other businesses buying regularly on credit. It does not include some service and professional establishments such as real estate brokers, barber shops and beauty parlors. Thus, the figure for all business would be considerably higher than the figure quoted.

As a comparison, listings nearby are as follows: Chula Vista, 349; El Cajon, 286; La Jolla, 286; Oceanside, 323; National City, 354; and San Diego, 5159.

Total for business in the entire county is 8,526.

Freeway Engineer To Address Men's Club

Ralph Luckenbach, State Highway Department Engineer who guided thru the Lemon Grove freeway from Home St. in San Diego to Campo and is presently guiding thru the La Mesa section which runs along Bancroft to El Cajon Blvd., will be guest of the Lemon Grove Men's Club Friday at Michael's.

Last week the organization heard County Supervisors Dave Bird and Frank Gibson tell of some of the problems they faced as a body when conducting county business.

Jim Pearce, local realtor, tossed onto the table for consideration the acquiring of the railway right-of-way for business area parking.

All discussions at the club are informal.

Controversial Methodist Bishop To Speak

Bishop G. Bromley Oxnam of the Washington D. C. Area of the Methodist Church will speak Friday to a special session of the annual Southern California-Arizona Conference of the Methodist Church meeting in Los Angeles. Conference officials and resident bishop Gerald Kennedy have invited Bishop Oxnam to deliver two "Bill-of-Rights-Week" addresses.

Bishop Oxnam was recently denied the use of an auditorium in Los Angeles, the management claiming that he was a "too controversial" personality. He was cleared of suspicion by the Velde Committee and is recognized by informed persons as an active foe to Communism.

The Bishop may be heard over KECA Friday at 4:30 p.m., KFI Saturday at 5:00 p.m. He may be viewed on Channel 13 Thursday at 9:00 p.m. or on Channel 7 Friday at 10:30 p.m.

Name Added to 'Open to Xmas' List

The REVIEW has been running a list of retail firms that plan to remain open evenings until Christmas. This promotion was in connection with a paid advertisement which ran three weeks prior to the beginning of the evening open period and everyone who was listed in the advertisement was listed in the news story. Inadvertently, Lane's Men's Wear and Lane's Shoes Inc. were omitted. As though most of you didn't already know, both Lane's stores will remain open every evening until 9 including Christmas Eve.

School Employees Enjoy Xmas Party

All employees of the Lemon Grove School District enjoyed a district-wide Christmas party December 11, at the Vista La Mesa School auditorium. Over one hundred and twenty employees and their guests joined in the dancing which highlighted the Mexican Christmas program presented by the Lemon Grove District Teachers Association.

Music was furnished by a talented five-piece orchestra under the direction of Alex Barron, Sr. Members in the band included Barron, Mrs. A. Barron, Alex Barron, Jr., and Diana Ruby. Coffee and pie were served at the close of the evening's festivities.

Each school presented a humorous skit. The verse choir from the junior high was under the direction of Virginia Cornelius. Musical numbers telling the story of the monthly wage and where it goes were presented by Monterey Heights. San Miguel did a take-off on the popular TV program, Dragnet, and district office presented a mock trial, and Vista La Mesa provided the music and other entertainment for the night.

Miss Helen Shelton, Monterey Heights teacher and social chairman for the association, was in charge of the entire activities.

About 30 residents along Cypres Avenue put up a solid fr against the encroachment of t County Road Department, Sat day night, when Joe Mack, cour road surveyor, told residents that area of the need for si walks on both sides of Cypr plus the widening of the ro The widening would be 10 f at the south end, and 20 feet the section near Imperial. T meeting was held in the Gro Junior High School.

Representatives of 100% of t residents on Cypress demand that Mack, "give up the sensel widening Cypress program" a "extend Skyline to Ken through the cow pasture."

Mack told the group that co munities all over the county begging for road improveme and he was amazed to find resistance on Cypress. "Sidewa are desperately needed," pointed out. "Our traffic co shows 30 persons per day Cypress to walk on and that' dangerous condition."

"Our traffic count on vehic shows more than 5,000 cars day on Cypress between Mt. V non and Imperial." That is ab half as many cars as use perial altogether." Figures leased by other authorit showed that over 8,000 cars day used Imperial between pres and Broadway. These ures were not checked by REVIEW for accuracy.

Skyline in '54 Budget

Mack explained that the S line extension would be inser in the budget for next year "the Cypress improvemnt needed right now," he said.

About $7,500 is in the bud for this improvement. Mack mitted that this would not co the total cost of the improvem but did not indicate where remainder of the funds wo come from. County road mo comes from gasoline taxes traffic fines only. No ta against property is used for th improvements. County recei about $1,000,000 per year for work.

The meeting was moderated Max Goodwin, the publisher the REVIEW, who put down eral insurrections which built as feelings ran high.

One such resulted from Go win's charge that Lee Thomps who claims to own property Cypress Avenue, "was atten ing to jam the meeting." Tho son, head of an almost defu civic organization in Le Grove, claimed "disaffection" Goodwin when he was seated the moderator because Good disallowed Thompson to "giv lecture on progressiveness."

Residents who attended meeting pointed out that wid ing Cypress was a good plan not so good that the street sh come to within less than 10 of the bedrooms of two of residents along the way. T claim, almost in unison, that winding street consisting of L turns and an S curve, le itself less to improvement t any street in the entire Le Grove community. They wer complete accord that the mo planned for improving Cyp should be used for extens Skyline.

"Unless we take steps to that bottleneck from Lomita lage this condition will build to an even greater danger," H. C. Lane, 2330 Cypress "If the street is widened right to our garage doors and traffic using higher speed cause of the widened road it will be impossible to back cars into the thoroughfare w out extreme danger of a collis Cypress needs surfacing bu certainly does not need wi ing."

George Loveday, 2286 Cyp Avenue, said "This is one of most asinine autocratic p ever developed by our paid thorities to force an unwar project down the throats o community which rejects it 10 If the need for improvemen so great in other parts of county why doesn't Mack sp the money there. We took a destrian count of our own the most we counted on any day was 8 pedestrians."

Paul Hendricks, 2234 Cyp who owns the Shopping Cer one of Lemon Grove's major markets, complained bitterly "Children walk along Lin Avenue in great numbers wit the benefit of sidewalks as attend Golden Avenue Sc and the Junior High School." pointed out that if the road partment was so interested the welfare of pedestrians would have paved that. M said that a drainage prob stood in the way of that impr ment.

Claims Supervisors Oppos

Felix Kallis, 2369 Cypress nue, made a plea for Mack t tend Cypress and give the "h traffic" a chance to get to a r thoroughfare without the h and crooks of Cypress. Mack ported that it was his opi that Cypress should be wid and sidewalks installed and he would continue to pus through if possible. He adm

Grove Shopper Likes Davis Friday Christmas Opening

With the Christmas season at hand the thoughts of the homemaker turn toward turkeys and good things to eat. With this objective in mind Josephine Vailiff does her shopping at Davis Food Center.

Josephine says she buys practically everything she uses at Davis.

"It's the best store in town for my money," she said, "there is always the best selection and there is no place I would buy a turkey except at Davis. There's no other turkey but a Gorgeous George turkey for me. I love them."

Josephine, who lives at 7643 Circle Drive, is a furniture saleswoman and appreciates the convenience of parking at Davis Market.

"Most important to me is that Davis is going to be open the day after Christmas for the convenience of we shoppers who cannot get in during the busy Christmas week." ADV.

Another High School Site Nailed Down

The Grossmont Unified District High School trustees this week approved the recommendation of the Grossmont Citizen's Advisory Committee on School Sites and Population Trends and voted to purchase the property on Sweetwater Blvd. between Jamacha Road and Bancroft, east of Casa d'Oro for a high school site.

The property is owned by Fred Hansen and the purchase is predicated on the proviso that "if it can be acquired at a reasonable figure."

The El Cajon school which will go to contract in February, is the first on the schedule, west Avondale site, which will give Lemon Grove and Spring Valley a high school on Sweetwater Rd., is second and it is probable that the Sweetwater Blvd. site will be third vying with the Lakeside-Santee area school site for preference.

Can You Name This Star??? Think I'll try something new. If you can guess the answers to my questions I ask in this special column, I'll write your name, etc., in the paper. You have to be a 1st place winner and you'll be recognized as such, with a small write-up about you to go along with the correct answer. Let's see how it works out! Just tell me who you think this star is for a small prize. This young man was born May 5, 1914, at Cincinnati, son of a noted actor. Civil Defense Notes

By Charles Gurley

We promised you something about Bomb Shelters for this week's article, but a great deal of information is in a booklet "Survival under atomic attack" which has been prepared by Civil Defense authorities according to Dr. Frank B. Gigliotti, Zone Warden for Lemon Grove districts.

"Many of our Block Wardens have a supply of this booklet on hand but if not they know where they can get their copies, and will be glad to supply you. We had hoped before now to publish a complete list of Block Wardens and other officials so you would know who they were, but as I have told many of those who are doing C.D. work that when we do the best we can to get things done, none can ask us to do any more. As soon as we possibly can we will furnish you with these names.

"This job of shelters is as yet unfilled. Whoever takes it will become Deputy Zone Warden in charge of shelters and requires a man (or woman) with some knowledge of construction and building materials, especially concrete, and while he will not be required to do any actual construction, he should be available for consultation either by telephone or in person for a few hours each week. Who will be the first to volunteer? Any who are willing to serve, please telephone Dr. Gigliotti at H 6-5809 or Gurley at H 6-3745.

Next week—More about vacant C.D. jobs.

Juniors Annual Xmas Party Will Be on Tuesday

The annual Christmas party of the Lemon Grove Woman's Club Juniors will be held Tuesday evening, at the home of Mrs. Bert A. Betts, 8145 Palm Ave. After a short business meeting, there will be an exchange of gifts and secret sisters will be revealed, followed by a group singing Christmas carols. Members of the board will be hostesses.

Welfare co-chairmen, Mrs. Robert Bailiff and Mrs. Clyde Walker, are preparing a Christmas basket of food and gifts for the family adopted by the club.

Mrs. Ted Davis, chairman for the Woman's Club Juniors of the community Christmas party being sponsored by the Lemon Grove Chamber of Commerce, has announced the following members of her committee will assist in the wrapping of the children's gifts and candy: Mmes. Ray Moore, Chas. Calkins, Robert Bailiff, Dean Cromwell, Andrew Olson, William Miller, Robert Hamilton, James A. Martin, Jr., Bill Castle, Richard Mann, Norma Schuh and Yolanda Jones.

The Juniors, under the chairmanship of Mrs. Philip Burch, are sponsoring a square dance class, "Levis and Laces," which meets at the clubhouse on Wednesday evenings. Clarence Montgomery is the instructor.

Lions to Dabble With Salvation Pots

Lions will take over the Lemon Grove Salvation Army kettle this Saturday, it was announced by Bob Becht, chairman.

The Lemon Grove pot is situated in front of the Post Office. Local Lions received a "scare" last week when the REVIEW carried a story released by Salvation Army headquarters proclaiming that Lions would man the pots in Pacific Beach. This was an error, Army authorities reported, and the local men will handle the local pot.

If any reader sees a pot watcher looking wistfully at the passersby while gently ringing a cow bell, have pity, it is one of our own citizens, a member of the local Lions Club—so give.

Fire Lassies Have a Party

The Women's Auxiliary of the Lemon Grove Fire Department held their regular meeting Dec. 8 at the home of Mrs. Margerite Hensley, president.

Two new members, Mrs. Robbie Kraft and Mrs. Betty Shumate, were welcomed. The group voted to sign a pledge to help the Youth Recreation program and reported plans for the annual family Christmas dinner are progressing under the able direction of Lt. Fred Dixon.

A Christmas party was enjoyed after the meeting with the exchange of white-elephant gifts and playing of games. Refreshments were served from a gaily decorated buffet table.

Grove School Kids Are Off to Camp

Over one hundred youngsters from the Lemon Grove School District are enjoying a week of camping in the mountains at Cuyamaca. Boys and girls from the fourth grade through the eighth departed Monday morning by special bus for the county-city camp, where they hiked, picnicked, and worked with various crafts under the direction of trained camp counselors.

Two weeks previous to this, sixth graders from Lemon Grove had a special week at the mountain retreat. Children who take the trip must first pass a physical examination and obtain a statement from the teacher as to their citizenship and general attitude. The cost of fourteen dollars covers room, board, and transportation for five days.

Louis Poluzzi, fifth grade teacher from Monterey Heights, attended the first two days of the session, while Cedric Stammerjohn, elementary teacher of San Miguel, spent Thursday and Friday at camp with the students.

Lutheran Ladies Meet Friday

Friday evening, December 18, the Ladies of Lemon Grove Lutheran Ladies Aid will hold their monthly meeting in the church parlors.

Program will be centered on "Christmas."

Hostesses for the evening will be Mrs. Otto Bernhard and Mrs. Joe Multer.

Bulen Questions State Control Of County Taxes

Assemblyman Ed Bulen told a sub-committee on Municipal and County Government at a hearing in Santa Ana Monday that the increasing practice of State control of local salaries is to be deplored.

Bulen said, "Salaries paid from taxes collected in cities and counties should be set by the voters in that city or county and not by the State Legislature which actually has no interest in county taxes and has no worry as to how monies for increased taxes must be levied, nor no knowledge of the willingness or ability of people to pay."

Bulen said in his county, cases were actually on record where the State Legislature had doubled existing salaries, much to the dismay of the taxpayers.

Cypress Rebellion

Continued from Page 1

that the Board of Supervisors, two of whom are already on private record as being opposed to the improvement, would permit him to.

Thompson, attempting to stall the meeting again stated that the residents on Kempf would object to Skyline connecting with their street. He also tried to establish that downtown's Fifth and Broadway was an example of how poor traffic engineering worked. He was advised by the chair that the comparison was irrelevant and incomplete because Cypress is a suburban street and not intended as a downtown business thoroughfare.

Mack's complaint that a house would have to be moved to extend Skyline thru to Kempf was answered by the owner of the house who was present at the meeting. Said he, "I'll co-operate with the county if they want to put Skyline through. That will be the least of your worries."

Werner Schmack, 2515 Cypress Avenue, asked whether or not the street could be improved and sidewalks left out. To which Mack replied that sidewalks were an absolute necessity and that they would be put in regardless of the fact that some lawns, fences and trees would have to go. Mack also stated that utility poles would have to be set back just inside the curbs which the county would build.

Every Resident Objects

O. J. Pore, 2281 Cypress, said that he would give the necessary property for widening if they would leave off the sidewalks. This was rejected by the surveyor. Goodwin stated that a major business improvement was already arranged for the area where Cypress meets Imperial "as soon as this improvement is nailed down." He declined to reveal what the improvement was or who was making it.

A survey following the meeting indicated that the group was thoroughly incensed and would fight the road department's determination to make the improvement.

It is one of the few attempts on local record of public departments going contrariwise to a 100% lined up group of citizens.

The next supervisors hearing on the hassle has not been set. "When they set it, we'll be there," said the leaders of the opposition.

Those in attendance at the meeting were Vionne Kallis, Mrs. G. Wills, Edith Veliquirette, Mr. O. B. Travis, Mrs. O. B. Travis, H. C. Lane, Mrs. H. C. Lane, Mrs. A. L. Gray, Mr. A. L. Gray, Otto Bernhard, H. H. Lane, Mrs. O. O. Bernhard, N. B. Pryer, O. J. Pore, Max Goodwin, M. S. Barnhart, Adelaide Bettencourt, Florence Morris, George Loveday, Mrs. G. B. Loveday, Felix Kallis, Lee J. Thompson, Jay A. Ross, Wyman Rider, Paul E. Hendricks, C. C. Foote, Robert F. Geitzen, Werner Schmack, R. I. Seder, Mrs. R. I. Seder and about twelve other persons whose names were not obtained.

Record Round-Up. . . . To anyone who appreciates soft ballads, quiet melodys, and the like, these records were made for you: "American Concert Band Masterpieces" by the Eastman Symphonic Wind Ensemble on Mercury label. Another Mere product is Samuel Barber's stirring "Commando March," and "Americana."

I recommend: Attention you people between the ages of 6 and 60. Confused on a Christmas present to give to junior, sis, or even mom 'n pop? Thinking about a record? Then try these. Although most of them are jazzy, still, isn't this a jazzy era of life? You know, us moderns, and all that! "Jam with Sam," by the Duke of Ellington; "But Officer," Uncle Stevie Allen; "Cherokee," Earl of Bostick; "Gee," Four Crows; "White Cliffs of Dover," by the Checkers; "Dorsey's Boogie," by Thomas Dorsey; and "Tennessee Train," by the Four Knights.

Record Poll. . . . Top five at Helix (popular)—"Rags to Riches," Tony Bennett; "Eh Cumpapari," Julius LaRosa; "That's Amore," Dean Martin; "Istanbul," Four Lads and "Ricochet," by Teressa Brewer. Top three at Helix (classical)—"Victory at Sea," Robert R. Bennett and the N B C Symphony Orchestra; "Highlights from Carmen,"

WOMAN'S CLUB NOTES

By Mrs. Fred Schenneman

Justifiable pride was evident on every face at Friday's meeting of the Lemon Grove Woman's Club, as Mrs. David Hentigan, president, congratulated Mrs. H. Irving Vernier, who is the Club's Civic Chairman, Book Section Chairman, and Past President of the local Chamber of Commerce.

Reading of the Christmas Story and "One Little Candle," "No Man is an Island" and "Holy Night" sung by the Choraliers with the accompaniment at the piano, upon which a jovial miniature Santa sat, followed in the hall congruously decorted with Poinsettias, red tapers and holly berries.

At Mrs. Vernier's suggestion it was agreed to endorse the Youth Recreation Program which will begin in March on a part time basis, culminating with a full time summer schedule.

Mrs. R. B. Hayhurst reported on Ways and Means; Mrs. Randolph Morse on Red Cross work, and Mrs. A. C. Bourquin, Junior Advisor, read the "Clubwoman's Ten Commandments."

Mrs. Paul Harvey, program chairman, announced her plans for a holiday "pinata party" and open house on December 29th at 8:00 p.m.

A wassail bowl vied for attention with "Rudolph the Red Nose Reindeer" made of simulated icicles, on the tea table at which Swedish bells chimed as they revolved over candelabras.

Hostesses during the tea hour were Mmes. H. L. Etensohn, chairman, R. B. Kalanquin, Ted Magnusson and Jack Foster; with Mrs. Hayhurst lending her talents to the decorating.

The Book Section will exchange gifts at their Christmas "share a dish" party December 16th, in the home of Mrs. Schuyler A. Read.

The Garden Section will hear Mr. Byron Lindsey, president of the Rose Society at 1:30 on January 5th in the Clubhouse. Mrs. A. P. Schnell is chairman.

Xmas Plans to Have International Flavor

Lemon Grove Lutheran Church is presenting two Christmas Programs this year. One will be Monday, at 7:30 p.m., and will include the children from the Nursery class through the 3rd grade. Mrs. Stanley Mauseth, Miss Grace Mauseth and Mrs. Levi Selvig are in charge of this program. The other program will be on Tuesday, at 7:30 p.m. This will be for all children in fourth through High School classes. There will be little plays, each class portraying a different country, and the overall theme is "Christmas in Many Lands." David Waterman and Joanne Kaiser play the parts of two American children who take an imaginary trip around the world on Christmas Eve.

LETTERS TO THE EDITOR

Editor,
Lemon Grove Review:

Dear Mr. Goodwin:

In an advertisement of a recent issue of your paper you have reference to Pres. Eisen**houer** who is reported to have said "I like Michael's." The Union spells it Eisen**hower.**

How come the President was in Lemon Grove and no one was notified!

Concerning the Chamber of Commerce president, Mrs. Traganza said there had been phone calls, and I know many letters and phone calls went to the Union, concerning the statement that Mrs. Vernier is the first woman to be president of the Chamber of Commerce.

Mrs. Treganza never will be forgotten for her wonderful work as the first woman president of the chamber.

MRS. B. MORSE

Dear Mrs. Morse:

You are right. The President of the United States spells his name Eisenhower but the man who said "I like Michael's" is Herman Eisen**houer**, president of the San Pedro Fishing Bait Corporation.

I am quite certain that the Union's reference to Mrs. Vernier being the first woman president of the chamber was inadvertent. Many people have notified us that Mrs. Treganza was the first president and that she did an outstanding job. It is very likely that, while Mrs. Vernier has not attempted to claim she was first president, she will do an equally outstanding job for her community.

Community Christmas Parties Are Next Week

Don't forget that the Heartland Players, with the cooperation of the Woman's Club Juniors, and the Lemon Grove Chamber of Commerce, will present two performances of "A Christmas Carol." The first performance will be for children under high school age, and their keepers, and will be given on Sunday, December 20, at 4 p.m. in the Woman's Club. And remember that Santa Claus will make an appearance complete with gifts for the children. The second performance will be for adults of high school age and above and will be given on Monday, December 21, at 8 p.m. also at the Woman's Club. Unfortunately St. Nick has other obligations at this particular time, but we hope that hot cocoa will help to dispell the gloom. Since this is a community project there will be no charge for admission for either performance.

A large and hearty thank you to all the people who have contributed so freely in talent, time, enthusiasm and material backing.

Bridge Benefit For Grossmont Hospital

A two table benefit bridge party for the Grossmont Hospital was held Sunday evening at the home of Dr. and Mrs. S. C. Brumbaugh Jr. under the auspices of the hospital Auxiliary.

Entrance fee of $1 per player went into the fund. Players included Lt. Cmdr. and Mrs. E. C. Wortman, Sr.; Edgar Wortman, Jr.; Lt. and Mrs. Roger Pednault, Mrs. S. C. Brumbaugh, Sr.; and the host and hostess.

Other events and contributions resulted from activities of Mrs. F. A. Myers, Mrs. Andy Benson, Mrs. Paul Fellows and Mrs. Steven Westover.

"Water Week" Set for Year End

Residents of Lemon Grove are asked to observe "Colorado River Aqueduct Week," Dec. 27-Jan. 2, commemorating the Metropolitan Water District's 25th anniversary, and at the same time accord recognition to the San Diego County Water Authority.

This is urged by M. J. Shelton and R. M. Levy, who represent the La Mesa, Lemon Grove and Spring Valley Irrigation District on the Water Authority board, according to Harry Griffen, Grove board representative.

The M.W.D.'s vast system, including the San Diego aqueduct, now serves much of Southern California, and in conjunction with the Water Authority has provided a supplemental supply that in the recent dry years proved to be a life saver for the La Mesa, Lemon Grove and Spring Valley Irrigation District and other fast-growing communities. The local district has been a member of the Authority since it was formed in 1944.

Currently, the M.W.D. and the Authority are jointly financing the construction of the San Diego Aqueduct second barrel, which when completed late in 1954 will more than double the delivery of Colorado River water, now averaging 65,000,000 gallons daily.

"This supplemental supply, vital to our people in meeting present and future needs, is made available through the 457-mile aqueduct system and branches of the Water Authority," Shelton and Levy said in a joint statement.

"The M.W.D. was organized 25 years ago this month, Dec. 29, 1928. Since then its area, including much of San Diego County, has had an increase in assessed valuation from $2,200,000,000 to more than $6,000,000,000, while the population has jumped from 1,600,000 to 4,000,000."

The northern half of the second barrel was virtually completed last week with the laying of the last sections of 60-inch pipe at a point near Temecula. Work on the southern half, in San Diego County, is on schedule.

M. H. Neighborhood Club Exchanges Gifts

The Monterey Heights Neighborhood Club had a Christmas party Wednesday at the home of the Chairman, Mrs. Robert Davy, 2065 El Dora St. at 9:30 a.m. After a short business meeting, gifts were exchanged followed by a social hour.

The Monterey Heights Girl Scout and Brownie Christmas party held Friday at the Monterey Heights School was a huge success. Christmas customs of seven countries were represented by skits and songs, with all troops participating. Movies taken during the last year were shown and candy was distributed to all children attending. Program chairman, Mrs. Philip Titmas, had charge of the arrangements.

New 2 By 4 For the Carpenters

Grandparents, Mr. and Mrs. L. E. Carpenter, and Mr. and Mrs. W. C. Thurlow reside in Oregon.

Also Parisot Featured At Opening Concert

The Grossmont Community Concert Association will open its season Friday at 8:15 pm at Grossmont Auditorium with Also Parisot, a distinguished young Brazillian Cellist.

More Grove Streets on New Auto Club Map

Lemon Grove gets a better break, at least as far as maps are concerned, in the new automobile club touring map which is being distributed to club members and out of state visitors.

More streets are being delineated in the new map which includes 19 areas and municipalities from National City [to] La Jolla and from the ocean east as far as El Cajon.

Parks, forests, monuments, historical landmarks, rivers and mountains are also included in the current map.

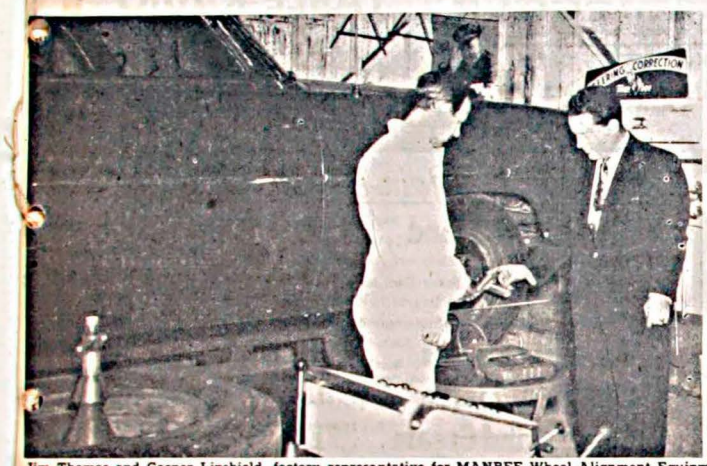
World Famous 'MANBEE' Wheel Balancing Eqpm't

FREE INSPECTION



Jim Thomas and Cooper Lipshield, factory representative for MANBEE Wheel Alignment Equipment, tests a wheel for caster with a camber meter.

3 OUT OF 5 CARS

HAVE DESTRUCTIVE WHEEL CONDITIONS

but their owners don't know it. Tires, shock absorbers and springs take the beating, vibration and grind. Like a sneak thief, destructive wear steals tire mileage and ages the car far beyond its mileage.

Eventually destructive wheel misalignment and unbalance show up in uneven tire wear, loose steering, shimmy weave and wander-after it may be too late.

WITH MANBEE WHEEL ALIGNMENT AND WHEEL BALANCING EQUIPMENT WE POSITIVELY AND SCIENTIFICALLY CURE YOUR TROUBLE.

SHERIFF SAYS OK!

Many accidents result from worn and loose parts, according to Deputy Sheriff Will Wrigley. At Thomas' Garage the Manbee Equipment shows with precision and accuracy whether or not your car has proper camber, toe, caster, king pin inclination and turning radius.

Law enforcement agencies are particularly interes ted in anything that cuts down accidents. Deputy Sheriff Will Wrigley watches MANBEE scientific wheel balancer show up unbalance with Jim Thomas and factory representative Cooper Lipsh ield.

FACTORY TRAINING HELPS

Advantages of factory training will help car owners. All mechanics at Thomas' Garage have received a complete course in the use of MANBEE equipment from a factory representative. These mechanics were already experienced wheel alignment men. With the new equipment dangers can be discerned before it's too late.

CHECK TROUBLE BEFORE IT COMES

An ounce of unbalance creates one pound of pull when the car is making 50 m.p.h. That additional pound per ounce hitting the road thousands of times a mile soon wears the tire thru at the unbalance point.

Worn parts and parts damaged by hitting curbs, or chuck holes, or any sort of collision are dangerous if they give way on the highways. Just a few minutes on the MANBEE rack will tell whether you are nearing trouble. Drive in today for a check-up.

Wheel can be rotated while full weight of the car rest on it with the MANBEE test rack. King pin inclination, an important safety and comfort factor shows up maladjustments readily on the device. Thomas is turning the wheel while Lipshield checks for caster.

Tax Deputies to Blanket County

There's one small bright spot for payers of county taxes. Beginning January 4, 104 trained field deputies will start covering the county to assist taxpayers in making their tax declarations and claims for exemptions.

These deputies will swarm over the unincorporated area after they finish with the cities and built up areas. They will wear lapel name identification badges and will carry an identification card with their photo for the protection of the taxpayer. These identification cards will be shown upon request.

According to Arthur C. Eddy, county assessor, veterans or their wives or husbands, may file for veterans' exemption. Veterans buying real estate under contract must have the contract recorded with the county recorder before March 1, otherwise exemption will be denied on that property. Veterans buying under GI or FHA terms through banks or other companies will not be affected because their deeds are always recorded. Veterans may brings their deed to the assessor's office at once before checking and this deed then becomes a permanent record, but, Eddy warns, veterans must still file annually for veteran's exemption. All veterans are urged to file their veteran's exemption claim before May.

All churches, orphanges, colleges are urged to file their exemption claims before May also.

All other types of statements must be filed before the last Monday in May and penalties may apply on declarations made after that time and the assessor may not legally take church, veterans, college or orphanage exemption claims after that date.

Eddy stated that the law requires each taxpayer to make proper tax declaration or claim for exemption in the required time as provided by law. Failure of a deputy to call on a taxpayer does not relieve the taxpayer from this duty.

A trained corps of county deputies will start taking tax declarations in the Civic Center office simultaneous with the beginning of the field activities.
